HITCHCOCK'S DIME SERIES

OF

Select Music for the Million.

In presenting to a generous and appreciative public this new Series, we feel that we are more fully meeting the popular demand for select music at a low price.

To properly compensate Authors—and thereby to stimulate native talent—is a cardinal feature of our undertaking: while to place upon the Piano rich gems, requiring more space than the Half-Dime Series affords, induces the inauguration of the Dime Series, which, it is believed, will accomplish both of these aims.

The abundant success which has crowned the advent of the Half-Dime Series, removes any hesitancy we might have felt in placing this new Series before the Public. Both will be published weekly, and the Numbers multiplied rapidly as possible.

Parents can rest assured that, in the future as in the past, our publications will be scrupulously free from anything that has an immoral or hurtful tendency, so that those who subscribe for the numbers as issued will find nothing to offend even the most fastidious taste. The following are now ready:
